

Brønnøysund Register Centre Transfers Its LEI Records to WM Datenservice

Frankfurt am Main (Germany), 16 May 2017

Today, the Brønnøysund Register Centre (<http://www.glei.no>) has transferred all of its LEI records to WM Datenservice. As agency for the allocation of Legal Entity Identifiers, WM Datenservice will now be the Managing Allocation Agency for these Norwegian LEIs.

Will this data transfer affect the LEIs?

In the course of the transfer, all LEI record data, including the status and next renewal date will remain unchanged. The transfer itself is free of charge. All transferred LEIs will remain valid and will be published regularly by WM Datenservice.

How to manage your LEI with WM Datenservice?

First, visit the WM-LEIPORTAL and [create a user account](#). Then request the transfer of your LEI(s) into your user account by sending an email to the LEI-Helpdesk of WM Datenservice.

Your email should include:

- The user name of your account
- Your LEI
- A letter of authorization or other proof that you are the authorized representative of the legal entity

After successful verification of your request, WM Datenservice will transfer the LEI into your user account. Via your user account, the LEI can be easily managed and renewed.

Supporting Documents

A manual for the creation of a user account can be downloaded here: [Manual Setup User Account](#)

For renewing your LEI, please follow the manual for the renewal of LEIs found here: [Manual LEI Renewal](#).

If the registered user is not listed in the business registry as authorized representative of the legal entity (e.g. managing director, manager, authorized officer), a letter of authorization is required. A template can be downloaded via the following link: [Sample Authorization](#)
